Environmental Policy

Mission statement

Radmat Building Products Ltd recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customers, suppliers and other stakeholders to do the same.

Responsibility

Robert Speroni, Managing Director is responsible for ensuring that the environmental policy is implemented. However, all employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

Culture

We will:

- involve staff in the implementation of this policy, for greater commitment and improved performance.
- update this policy at least once annually in consultation with staff and other stakeholders where necessary.
- provide staff with relevant environmental training.
- work with suppliers, contractors and sub-contractors to improve their environmental performance.
- use local labour and materials where available to reduce CO₂ and help the community.

Policy Aims

We endeavour to:

- Comply with and exceed all relevant regulatory requirements.
- Continually improve and monitor environmental performance.
- Continually improve and reduce environmental impacts.
- Incorporate environmental factors into business decisions.
- Increase employee awareness and training.

Monitoring and Improvement

We will:

- comply with and exceed all relevant regulatory requirements.
- continually improve and monitor environmental performance.
- continually improve and reduce environmental impacts.
- incorporate environmental factors into business decisions.
- increase employee awareness through training.
- review this policy and any related business issues at our

Environmental Aspects of this Policy

Energy and Water

We will:

- seek to reduce the amount of energy used as much as possible.
- switch off lights and electrical equipment when not in use.
- adjust heating with energy consumption in mind.
- take into account the energy consumption and efficiency of new products when purchasing.

- evaluate if renting/sharing is an option before purchasing equipment.
- evaluate the environmental impact of any new products we intend to purchase.
- favour more environmentally friendly and efficient products wherever possible.
- reuse and recycle everything we are able to.

Transportation

We will:

- reduce the need to travel, restricting to necessity trips only.
- promote the use of travel alternatives such as e-mail or video/ phone conferencing.
- make additional efforts to accommodate the needs of those using public transport or bicycles.
- favour 'green' vehicles and maintain them rigorously to ensure ongoing efficiency.

Paper

We will:

- minimise the use of paper in the office.
- reduce packaging as much as possible.
- seek to buy recycled/recyclable paper products.
- reuse and recycle all paper where possible.

Office Supplies

We will:

- evaluate if the need can be met in another way.

Maintenance and Cleaning

We will:

- use as environmentally friendly cleaning materials as possible.
- only use licensed and appropriate organisations to dispose of waste.
